Notification Regarding Lithium-ion Batteries for Electronic Cigarettes

We found out that electronic cigarettes bearing "GS" sign is sold on the online shopping website. We have received some complaints from customers about the lithium-ion batteries installed in those cigarettes.

However, those batteries are not our products. We have never manufactured batteries for electronic cigarettes.

Therefore, please note that we will never take any responsibility for those batteries.

Whole parts of the Electronic cigarettes

Battery of the Electronic cigarettes

Battery charger of the Electronic cigarettes

Sincerely Yours,
GS Yuasa Corporation
